Technical Committee Sessions Coordination and
Modelling Competition Organisation

	Richard Clark Guild Secretary	Management Committee Support Chairing the meetings General overview
	Geoffrey Goddin Director of Membership	Management Committee Support General overview
	Julian Best Guild IT Team	Setting up the virtual Show Platform on the GOG Website Developing the navigation system Building the test site Providing all the links to and from various areas within the show to allow ease of navigation Lots of IT advice
	Peter Reynolds Guild Video Library Manager	Providing video recording and transfer instructions Video editing as required Setting up a dedicated 'Play List' for the show Lots of videography advice
	Richard Mills Events Team Secretary	Detailed analysis of the virtual show test site
	Peter Kelford IT Assistant	Assisting with the initial design as required Advising on supplementary tools such as Google forms for voting and feedback purposes
	Stephen Wolstenholme Gauge O Guild Member	Who thought of the idea in the first place and generated interest. His idea was given to Richard Clark to take to the Management Committee and thus it was taken forward and this team was put together to produce the Virtual Show

Additional assistance has been provided with design of publicity and advertising material, editing the site, testing the site, chairing 'Live' sessions and manning the Help Desk.

Thank you to all.
